Strategic Planning...

Falmouth Service Center has been helping neighbors in need since 1983. We have reached a turning point in our service where it is imperative that long term thoughtful decisions are made to ensure the work of FSC continues to be responsive to the need, and grounded in a solid foundation.

This planning process has been made possible by a grant from the Falmouth Fund of the Cape Cod Foundation

WE NEED YOUR HELP!!!

Please join us at Falmouth Service Center, 611 Gifford Street for one of our 3 FOCUS GROUPS to provide input on our future direction:

Wednesday, April 28, 1:00 to 2:30pm

Wednesday, May 12, 8:00 to 9:30am

Monday, May 17, 6:00 to 7:30pm

If you are a client, business community member, faith community supporter, current or former volunteer, donor, non-profit partner or just care about the services provided here, we need your input.

RSVP TO 508-548-2794 for the date that best fits your schedule. Light refreshments will be served.

Thanks for your help!

And/or watch for details of how to complete an on-line survey which will be available as another vehicle to provide information if you are unable to attend a session.
